

Forgotten Futures XI is laid out as a single volume; this can be printed and used as is, in which case see the printing instructions on the title page of the main file, but some users may prefer to split it into two volumes: a worldbook describing the planets, spaceship construction, weapons, etc., and a separate adventures book.

For best results print as follows

This file:

Page 2	Worldbook cover	Single sided colour
Page 3	Worldbook title page	Single sided
Pages 4-5	Worldbook contents	Double sided
Page 6	Adventures cover	Single sided colour
Page 7	Adventures title page	Single sided
Page 8	Adventures contents	Single sided

Main file:

Omit the cover, title page, and table of contents. Print all remaining pages double sided. The last page should be used as the back cover, print a copy for each book.

Assemble the books as follows:

Worldbook:

- Cover
- Title Page
- Contents
- Pages 5 to 102 from main file
- Back cover

Adventures

- Cover
- Title Page
- Contents
- Pages 103 to end from main file
- Back cover

FORGOTTEN FUTURES XI:

Planets of Peril

**A SOURCEBOOK FOR
STANLEY G. WEINBAUM'S
1930s SCIENCE FICTION
BY MARCUS L. ROWLAND**

FORGOTTEN FUTURES XI:

PLANETS OF PERIL

A SOURCEBOOK FOR STANLEY G. WEINBAUM'S 1930s SCIENCE FICTION BY MARCUS L. ROWLAND

GAMES MATERIAL AND MOST ILLUSTRATIONS COPYRIGHT © MARCUS L. ROWLAND 2010

To the best of my knowledge and belief all European copyright in the works of Stanley Weinbaum accompanying this collection, including editorial copyright, has now expired. No copyright in these works is claimed by the current editor. About half of this material was originally scanned by Malcolm Farmer for Project Gutenberg Australia, the remainder by me for this collection and for general publication on line. While every effort has been made to remove OCR and other errors it is likely that some remain. Some obvious proofreading and editorial errors found in the original books (such as two variant spellings of the hero's surname in *The Black Flame*) have been corrected. I have not tried to convert American English to British English! Special thanks to Malcolm Farmer for his help with proofreading etc. Several stories could not be included since they remain in European copyright, or their European copyright status is unclear – most can be found on line in the USA or Australia. See end notes for full details.

This game contains numerous “spoilers” for Weinbaum’s stories; you are strongly advised to read the fiction first!

Print formatting: If you print double-sided, for best results print the cover and this page single sided, and all remaining pages (starting with the contents) double sided. The font used for most text is Albertus Medium; some other fonts are used for “handwriting,” “newspaper cuttings,” etc.

This game uses a mixture of Imperial and US measurements, the metric system, and astronomical measures such as AU and light-minutes, as seems appropriate. While it would be nice to imagine a world that uses a standard measuring system, we all know that things really aren't like that. This game is science fiction, not fantasy...

**This game has been put on line as a FREE download; you are asked to register if you find it useful.
Please inform the author if you are charged any other fee to obtain it in any form.**

Contents

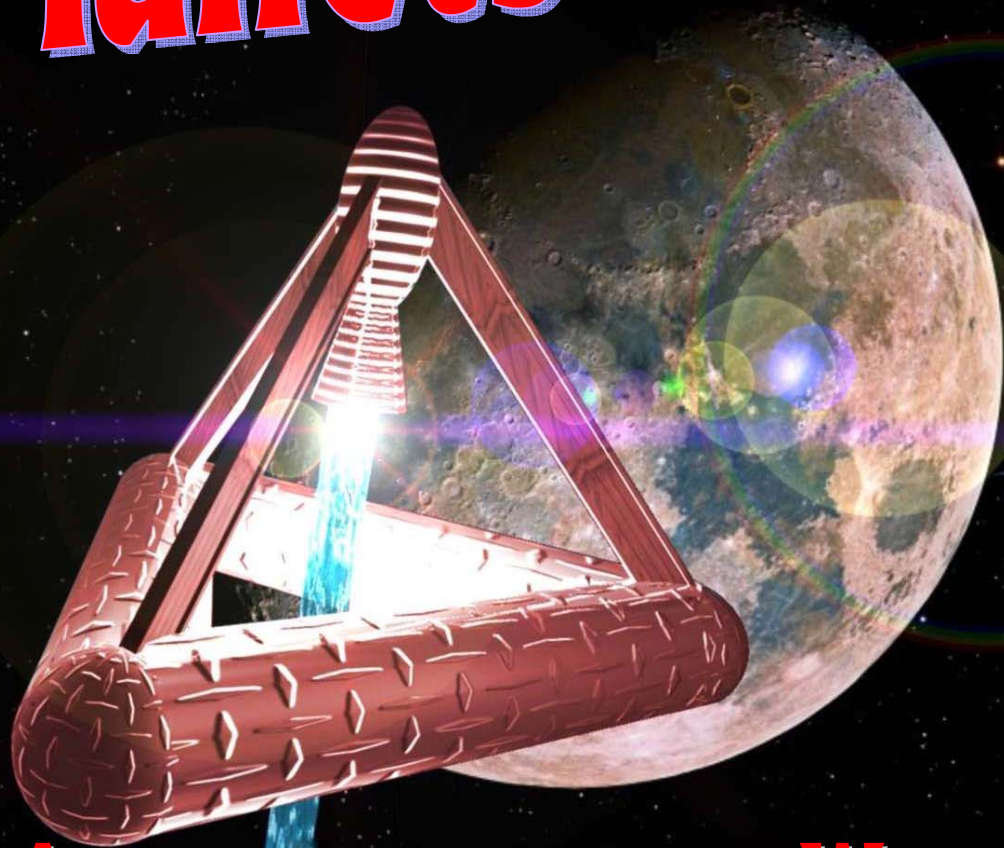

A Martian Odyssey	1	Jupiter: King of the Planets	49
<i>The first and most famous story of Stanley Weinbaum's 'Planetary' sequence, with sidebars on</i>		Io: The Jungle Moon	50
Stanley G. Weinbaum	2-3	Medical problems	51
The 'Planetary' sequence and other stories	4	Loonies	52
The 'Planetary' sequence – story summaries	5-9	Slinkers	53
Timeline	10-12	Adventure Idea: Arms Race	54
(Slightly) Weird Science	13-14	Europa: Small Edens	55
Interplanetary Trade	15	It's Life, Jim... But Is It Kosher?	55
Technology	16	Cycle of Fire	56
Glossary	17-20	Ganymede: The Tidal Moon	57
About Forgotten Futures	21	Cree and Crephine	58
		Adventure Idea: The Last Round-Up	58
		The Nymphus	59-60
		Callisto: Cold to the Core	61
		Saturn: The Ringed Wonder	62
		Titan: Eskimo Hell	63
		Titan Natives	64
		A Note on Iapetus	65
		Adventure Idea: Rough Justice	66
		Adventure Idea: Time-Slip on Titan	66
Islands in the Sky	23	Uranus: The Shrouded World	67
<i>A guide to the Solar System and its principal worlds and moons, with assorted sidebars and sections:</i>		Neptune: The Last Enigma	69
Let Us Not Go There	24	Neptune and Pluto	69
Adventure Idea: Frozen Fortress	24	Pluto: Lair of the Pirate Queen	70
Table of planets	25	The Pirates	71
Mercury: Too Hot To Handle	25	Crawlers	72
A Matter of Gravity	26	Adventure Idea: Big Bang Theory	72
Venus: The Parasite Planet	27		
Xixtchil	27	Between Planets	73
The Hotlands	27	<i>A brief guide to spacecraft construction and operation, with sidebars on associated topics:</i>	
The Venusians	28-29	Hull design	74
The Cool Country	30	Tetrahedral Hulls	74-75
Adventure Idea: Medical Run	30	Atomic Blasts	75
The Glacial zone	31	Life Support	78
The Dark Side	31	Weapons	79
Earth: Cradle of Mankind	32	The Interplanetary Peace Treaty	79
The Moon	32	Shipboard Routine and Duties	80
Adventure Idea: Scrapheap	32	The Laws of Space	80-81
Power Blocs (economy etc.)	33	The Customs of Space	81
The League of Nations	33-34	Qualifications	82
Everyday Life	34-35	Ship-Building	83
Adventure Idea: Mercy Flight	35	Payload	83
Visiting Earth	35	Engines	84
Industries	36	Fuel and Range	86
Adventure Idea: Innocent Abroad	36	Game Data	87
Mars: Planet of the Thoth	37	Traits	87
Phobos and Deimos	38	Sample ships	90
Kingdom Areobiota	39	Accessorising	91
The Thoth	40-41	Vehicles	91
The Other Martians	42-43	Protective Clothing	92
Life On Mars	43-44	Accommodation	94
Pyramidology	44	Gadgets & Gizmos	94
The Asteroids: Cosmic Rubble	45		
The case for the Asteroids	46		
The case against the Asteroids	47		
Adventure Idea: Make Money Fast	48		

Load up on Guns (Friends Optional)	95	Preliminary Enquiries	128
<i>A brief guide to some of the weapons available in this era:</i>		Harlech Hallta Ltd.	128
Projectile Weapons	95	The Salt Flats	130
Martian Pistols	96	Salty Badness	131
Flame Pistols & Cannon	96	End Game	133
Blasters	97	Bonus Points	133
Stun Gun	97		
Love And Rockets	98	A Ceres of Unfortunate Events	134
<i>Romantic Plots and Subplots:</i>		<i>A crack science team is needed to explore the interior of the largest asteroid. Who are you going to call?</i>	
Woke Up on Venus	99	Recruiting Advertisement	134
The Pirate Queen	99	The SILGRS	134
Crewman "Bob"	99	Use with the 'Grand Tour' campaign	135
The Princess Bribe	100	The World Ceres (Referees Only)	136
The Venusian Queen	100	Troubleshooting	137
Mighty Joe Yurgguh	100	Training Montage	138
On Location	100	The SILGRS in Depth	138
...Together They Fight Aliens	100	Base Camp	140
Running Romantic Adventures	101	Ice Palace	141
Romantic Traits	101	Dive, Dive, Dive	144
		S... S... S...	145
Have Spacesuit, Will Travel	103	Upwards and Outwards	148
<i>Campaigns, Adventures, sample characters, etc:</i>		End Game	149
Miniatures	104	Bonus Points, Notes	150
Sample Characters	104-107		
Grand Tour	108	Earth Girls Aren't Easy	151
<i>A Planetary campaign for 3-6 adventurers:</i>		<i>An heiress must investigate her father's death on Titan. Not everyone wants the mystery solved...</i>	
Player Handout – <i>The New York Times</i>	108	Use with the 'Grand Tour' campaign	151
Introduction	109	Nivia, the City of Snow	152
HMSS <i>Endeavour</i>	109	Trouble on Titan (Referee Only)	153
Adventure Seeds	114	Characters	154
Fugitives	114	Timetable	157
Adventure idea: Where No Man Pursueth	114	Conditions on Titan	157
Smuggling	115	Exploring the City	158
